1. Manner in which Synod Communications are to be sent to members of the Synod by email

- (1) Documents are usually not to be attached to a Synod Communication. Instead, material is to be made available to Synod members by an email hyperlink to the page of SDS's website on which the material has been posted.
- (2) If the Registry does not hold an email address for an individual Synod member or if a Synod Communication is sent to a Synod member at an email address held by the Registry for a Synod member but the communication "bounces back", then an email is taken to have been duly sent to and received by the member under clauses 6B(2) and (3) of the Ordinance. Nevertheless, the Synod Communication is also to be sent to any email address held by the Registry for the Synod member's parish.

2. Type of Synod Communication which must also be sent to members by post

- (1) Unless otherwise provided by resolution of the Standing Committee, postal ballots for contested Synod elections, if and when provided to members by email, must also be sent to members of the Synod by post.

(As made on 11 November 2013 and amended 15 February 2016, 30 May 2016, and 22 July 2024.)
